Plan It

Puts you in command!

Now you can use the power of your computer to organise your activities in a way never possible before. With PlanIt, a few keystrokes are all you need to keep track of your money, plan your budgets – and manage your time far more effectively. And you'll find it's so very simple to use. It contains:

Personal Accounts Gives you up-to-the minute facts about your financial position at any time. Keeps separate accounts of your banking, cash transactions, credit card payments. Allows 24 individual accounts, up to nine different credit cards (and warns you when you reach your cash limit) and as many as 400 different transactions a month. Sets up your standing orders. Automatically updates all relevant accounts with each transaction.

Financial Diary All the features of the best desktop diary – plus much more. Enter up to 15 items per day and have them automatically sorted in time order. Add your expenses and have them totalled in separate categories. Speed search for entries, then mark them for future manipulation or replication.

Card Index Create your own address book, phone directory, tape library title list. Use the flexible editor to enter or amend data. Sort and search. Call up detailed reports on contents in any form. Produce mailing labels on your printer.

Extra utilities include a loan calculator and calendar.
